1	Jan. 16, Sun	USHUAIA, ARGENTINA	Embark PM	6:00 PM
		 <p>THE WORLD'S SOUTHERNMOST TOWN Ushuaia lies on the triangular-shaped island of Tierra del Fuego. While Ferdinand Magellan was exploring the straits between the Atlantic and Pacific Oceans in 1520, he was amazed by the smoke and fires which seemed to appear at every turn. These fires, kept continuously alight by the Yaghan and Ona Indians, became the inspiration for the name "Tierra del Fuego," Land of Fire.</p>

		<p>THE PENGUIN CAPITAL</p> <p>This remote archipelago lies about 300 miles east of Patagonia and is known for its extraordinary birdlife – 63 species breed on these islands. Cast your eyes in any direction to spot albatross, petrels, skuas, the Falkland steamer duck and more. Amidst the rugged, windswept terrain and cliff-lined coasts, five different types of penguins make their home here, including Magellanic, gentoo, rockhopper, king and macaroni. Other wildlife sightings might include orca whales, sea lions and seals.</p>

4	Jan. 19, Wed	PORT STANLEY, FALKLAND ISLANDS	-	-
				
		<p>OFF THE BEATEN TRACK</p> <p>Stanley is the capital of the Falkland Islands – an archipelago long of importance to both scientists and seaman located some 350 miles east of Tierra del Fuego, 1,000 miles north of Antarctica and, as the locals claim, a mere 8,000 miles from Britain. Explore the Historic Dockyard Museum with galleries dedicated to maritime exploration, Antarctic heritage and the 1982 Falklands War. See the whalebone arch near Christ Church Cathedral, and look for magellanic penguins gathering at Gypsy Cove.</p>

		 <p>SERENGETI OF THE SOUTHERN OCEAN Regarded as one of the most beautiful places on Earth, and accessible only by sea, this one-time whaling outpost is home to glacier-clad coastlines and dramatic fjords, astonishing wildlife and awe-inspiring scenery. Here is where thousands of king penguins flock to a single beach to nest, and where the largest congregation of Antarctic fur seals is found. Look for southern elephant seals and albatross – wandering, black-browed and more – and take hikes to follow in the footsteps of Shackleton.</p>

Day	Date	Ports	Arrive	Depart
		 <p>SNOW-CAPPED WILDLIFE HAVEN Just northwest of the Antarctic Peninsula, the icebergs and snow-capped mountains of South Shetland volcanic archipelago are a mesmerizing site. A haven for wildlife, colonies of chinstrap, gentoo and Adélie penguins make their home here, and Antarctic fur seals and Southern elephant seals command the beaches. Seabirds are everywhere, including Antarctic terns and giant petrels.</p>

		 <p>HOME TO SEABIRDS, SEALS & PENGUINS Known as O'Higgins Land in Chile, Graham Land in Great Britain, Tierra de San Martin in Argentina, and originally as the Palmer Peninsula in the US, the Antarctic Peninsula belongs to no one and is cherished by all. This is where humpback whales feed on krill before migrating north, where penguins breed and where seals frolic. Home to petrels and terns, gulls and skuas, all thrive amidst the otherworldly grandeur of ice mountains and glaciers, rocky cliffs and glistening inlets.</p>
