The British overseas territory has more than just a turbulent history; discover its impressive birdlife the moment your Zodiac lands. With more than 60 different species, including rockhopper penguins, Magellanic penguins and albatrosses, the Falkland Islands are a paradise for ornithologists. During natural history walks along the coast, your experts will provide fascinating information about the head-high tussock grass and the Victorian houses in Stanley.

Fri, 10.12.2021 - Sat, 11.12.2021

South Georgia (A)

In this unique wildlife paradise, the Zodiacs are used several times a day to let you experience very special sightings. For example, standing with the experts in front of a gigantic colony of king penguins. The island is home to hundreds of thousands of animals inhabiting the steep slopes and coasts – such as Salisbury Plain or the Gold Harbour beach where fur seals and elephant seals will not be disturbed by your visit. At the former Grytviken whaling station, the grave of Sir Ernest Shackleton recalls the adventures of times gone by.

Relaxation at sea

Mon, 13.12.2021 - Sat, 18.12.2021

South Shetland Islands (A), Antarctic Peninsula (A)

Enjoy unforgettable moments when, for example, you set foot on the Antarctic mainland near to Paradise Bay. Snow-capped summits surround the bay, where icebergs drift and glaciers tower hundreds of metres above. The gigantic glacier cliffs, such as those of Neko Harbor, provide a unique backdrop. Gentoo penguins stretch as far as the eye can see, for example on Cuverville Island. One of the most impressive shipping passages in the world is the Lemaire Channel: mountains up to 1,000 m (3,281 ft) high line the strait of water. The Neumayer Channel and Port Lockroy provide panoramic views of glaciers that are no less breathtaking.
