COVID-19 AND OTHER COMMUNICABLE OR INFECTIOUS DISEASES

You agree, understand, and acknowledge, that an inherent risk of exposure to the disease COVID-19 (as defined by the World Health Organization and any strains, variants, or mutations thereof) and SARS-CoV-2 (the virus that can cause COVID-19) (collectively, "COVID-19"), and any other communicable or infectious disease, exists in any public place where people are present, including a cruise ship. "Communicable disease" means any disease or illness caused by microorganisms such as bacteria, viruses, parasites, or fungi that can be spread, directly or indirectly, from one person to another. "Infectious disease" means any disease or illness caused by microorganisms such as bacteria, viruses, parasites, or fungi that enter the body, multiply, and can cause an infection. COVID-19 is an extremely contagious communicable disease that can lead to severe illness and death. No precautions can eliminate the risk of exposure to COVID-19, and the risk of exposure applies to everyone. According to the Centers for Disease Control and Prevention ("CDC"), older adults (people 65 years and older) and people of any age who have underlying medical conditions are at higher risk for severe illness and death from COVID-19. Relevant public health authorities, including but not limited to the CDC, are referred to herein as "Public Health Authorities." You acknowledge that the risk of exposure to COVID-19 and any other communicable or infectious disease includes the risk that you will expose others that you encounter, even if you are not experiencing or displaying any symptoms of illness.

You acknowledge and agree to voluntarily assume any and all risks in any

way related to exposure to COVID-19 and any other communicable or infectious disease, including illness, injury, or death of yourself or others. You acknowledge that your embarkation and participation in a cruise is entirely voluntary. By embarking and participating in a cruise you attest you are knowledgeable about your individual risk of developing severe illness if you are infected with COVID-19; you have made an informed decision about cruising based on your individual risk; and you have decided whether to consult with a health care provider based on your individual risk.

You further acknowledge and agree to abide by and consent to all COVID-19 rules, regulations, mandates and safety protocols issued by Disney Cruise Line and/or Public Health Authorities including but not limited to: (a) Submission to mandatory COVID-19 testing at such times and frequency as required by Public Health Authorities or Disney Cruise Line, which may include testing before and after your cruise; (b) submission to enhanced health screening for signs and symptoms of COVID-19 or known exposure to COVID-19; (c) denial of boarding due to signs and symptoms of a possible COVID-19 infection or known exposure to COVID-19 as determined by Disney Cruise Line at its sole discretion, in accordance with technical instructions or orders by Public Health Authorities; (d) participation in contact tracing and data collection for COVID-19 surveillance; (e) mandatory shipboard isolation and/or quarantine at the sole discretion of the shipboard physician; (f) mandatory disembarkation and evacuation due to a suspected COVID-19 infection by you or someone else onboard your cruise (Evacuation and disembarkation may occur in a foreign port or a port outside your original cruise itinerary); (g) post-cruise quarantine instructions; (h) mandatory daily temperature checks; (i) mandatory use of face coverings/face masks in accordance with guidelines by Public Health Authorities and (j) following Disney Cruise Line physical distancing requirements.

You further acknowledge that the COVID-19 rules, regulations, mandates, and safety protocols issued by Disney Cruise Line and/or Public Health Authorities and/or other governing bodies are subject to change. Disney Cruise Line reserves the right to change any health and safety protocols, including, but not limited to, requirements on vaccinations, masks, and physical distancing related to COVID-19 at its sole discretion, without notice, both prior to and during your presence on the cruise ship. It is your sole responsibility to confirm any changes to any health and safety protocols that may be applicable and ensure compliance with all health and safety protocols in effect on the cruise ship.

You are solely responsible for obtaining current travel advisories, warnings and requirements by contacting your travel agent, applicable embassies and consulates. You are also strongly encouraged to review any CDC travel advisory, warning, or recommendation relating to cruise travel prior to making your cruise reservation at <https://www.cdc.gov/coronavirus/2019-ncov/travelers/cruise-travel-during-covid19.html>, and to

The Guest shall pay any and all expenses incurred if a Guest is detained on board ship or elsewhere at any stage of a voyage because of quarantine, port regulations, prevailing applicable law, illness or other cause such as detection of COVID-19 onboard. If a threshold of COVID-19 is detected onboard the cruise ship during a voyage, the voyage will be ended immediately and the ship returned to the U.S. port of embarkation, and your subsequent travel, including their return home, may be restricted or delayed.

GUESTS WITH DISABILITIES/CRUISES EMBARKING IN EUROPEAN UNION PORTS

EU Regulation 1177/2010 applies where the Guest embarks the ship in a European Union port. At the time of booking, Guests must notify Disney Cruise Line in writing if they are a "Disabled Person" or "Person with Reduced Mobility" that may require special arrangements, medical equipment and/or supplies, or care or assistance at the terminal of embarkation or debarkation, during embarkation or debarkation or during the cruise; of any specific needs with regard to accommodation, seating or services required; and, whether they need to bring any specific medical equipment or assistance animals on board. If a Guest's circumstances change between the date of booking and the cruise, the Guest must inform Disney Cruise Line as soon as possible and advise of the need of any special arrangements including medical equipment. Disney Cruise Line will refuse boarding to Guests who cannot be carried safely and in accordance with all applicable safety requirements established by International, European Union or National Law or where embarkation, debarkation and/or carriage of the Guest cannot be carried out in a safe manner. Disney Cruise Line can refuse to accept a booking or subsequently embark any Guest on the grounds of safety, taking into account among other things the ISM Code for the Safe Operation of Ships and/or SOLAS relating to the Safety of Life at Sea. It is important that the fullest information is provided at the time of booking. "Disabled Person" or "Person with Reduced Mobility" under this Regulation means any person whose mobility when using transport is reduced as a result of any physical disability (sensory or locomotor, permanent or temporary), intellectual or psychosocial disability or impairment, or any other cause of disability or impairment or as a result of age, and whose situation needs appropriate attention and adaptation to his/her particular needs for the services made available to all passengers.

Where necessary in order to comply with applicable safety requirements, Disney Cruise Line may require a Disabled Person or Person with Reduced Mobility to be accompanied by another person who is fit and able to assist them in day-to-day activities. This requirement may vary from ship to ship and itinerary to itinerary. Guests who may fall into this category may include those who require assistance with personal care including feeding. All personal care or supervision

must be arranged by you at your expense. Disney Cruise Line is unable to provide respite care, one-to-one personal care or supervision or any other form of specialized care for Guests.

You must inform Disney Cruise Line prior to sailing of any medical equipment which you wish to bring on board so that Disney Cruise Line can determine if the equipment can be carried safely on board. The ship cannot carry liquid oxygen or refill or supply oxygen cylinders. Failure to notify Disney Cruise Line of such equipment may result in that equipment not being allowed on board the ship and consequently may affect your ability to participate in the cruise. No more than 2 pieces of such medical equipment are allowed per stateroom and the value of such equipment must not exceed \$4,000 per stateroom in total, unless agreed otherwise in writing by Disney Cruise Line. In the event that any such equipment is lost or damaged by the negligence of Disney Cruise Line and/or its servants or agents, then Disney Cruise Line will replace or repair such equipment at its option.

GOVERNING LAW

Disney Cruise Line vacation reservations are deemed to be contracts made in the state of Florida and are governed by Florida law and, to the extent applicable, United States maritime law, to the exclusion of all choice-of-law rules which might otherwise apply.
